

Report

I, FLN, live in Moscow, used the devices of development of concentration of eternal life PRK-1U which are adjusted on medical profiles from 27.02.2020 to 10.05.2020.

Used device No. 3

Carried out concentration on device lenses for treatment from a breast cancer at E.D.M - 72 years. I got into gear when learned that she carries out already the fifth chemotherapy. The woman after chemotherapy had a heavy state: nausea, strong weakness. After the first concentration on PRK-1U the state went for improvement. Each subsequent chemotherapy passed easier previous. And the last the 8th passed almost imperceptibly. It is important that in intervals between these procedures the state at the woman was restored practically to norm: she carried out works on economy also said that she feels as to a disease. All courses of chemotherapy are finished. Now the woman has to be examined by the surgeon for making decision on need of radical operation. According to her the tumor resolved, but a nipple still pressed.

Concentrated on a numerical row from the book by Grigori Grabovoi's "Restoration of a human body concentration on numbers" a breast cancer **5432189**.

Used technology from a seminar "**The joy of management**" of 24.05.2005 as "a powerful tool at treatment of tumoral diseases" (worked together with small group of managers, applying to several people with various diagnoses).

One worked on the PRK-1U No. 3 device in free time, just holding the purpose of management in the head.

Received results: Improvement of health: the tumor left. Improvement of a state after chemotherapy.

Treatment: there are no results of histology yet.
